

# Crossroads of Entrepreneurship (International Studies in Entrepreneurship)

Combines different disciplinary perspectives: management, economics, sociology, business history. Addresses current topics like ethnic entrepreneurship, the role of the state and state-owned companies in promoting entrepreneurship, entrepreneurship and family business, collective entrepreneurship, differences in entrepreneurship dynamics around the world. Gathers perspectives from different countries and research traditions. Softcover version of the original that published in March 2004.
