

The Edge of Everything (The Haven Series Book 3)

The third book in a series. On the surface, Lainey Winslow has everything she could ever want. The love of her daughters father, a happy two year old, and a brand-new rental house right on the beach. But things arent always as they appear. Deep down, Lainey worries that what she has isnt what she needs. While everyone in her life is moving forward, exploring new options and still discovering themselves, Lainey is left feeling like shes running in place, waiting for fate to intervene. When it does, is it what shes expecting? The Edge of Everything is the third book in a series. It picks up more than a year after The Heart of a Girl left off.
